

The Boneyard Pub & Grille opened in 2007 by the Jones family. With local ties, this family has lived in the area for over six generations. The Boneyard is committed to the community by supporting local organizations, youth sports, and local fundraising.

Why is our food so good? Great food starts with great products. We avoid frozen and pre-packaged foods as much as possible. All of our soups, chili and many of our appetizers are made in house. Our ground beef is delivered fresh and never frozen for burgers. Our chicken is delivered fresh and our ribs cooked in our own ovens. Our goal is to bring you the best food at a fair price, adding our own unique twist to everything we do. We are always trying new things and offer something different each month with our food and drink specials.

Good isn't good enough - it has to be "Boneyard Good" to go on our menu.
